Business Writing Workshops Deliver Results

Help for the comma happy, mixed-metaphor addicted or can't-get-to-the-point PowerPoint writer is here.

While communicating clearly, quickly and persuasively has never been more vital to business, it's never been more elusive. Executives in many fields struggle to deliver written communications on par with their smart strategies.

Our customized business writing workshops:

- ▶ Break down the basics of effective business writing
- ▶ Show how to capture and keep attention
- ▶ Share valuable ways to improve everything from memos and plans to reports and emails
- ▶ Engage participants with relevant, industry-specific content and interactivity
- ▶ Build productivity by removing barriers to writing

The KS team makes better writing an achievable goal for everyone. To meet your needs, we work with large groups, small teams or provide one-on-one coaching sessions.

Kerry Shelanski and Molly Bowler, award-winning corporate communicators, share practical solutions in an accessible, always-customized presentation proven to build skills and confidence.
